Training Statement of Intent

Introduction

Bar Hill Parish Council is committed to provide a level of training for both Councillors and employees to enable them to undertake their respective roles for the betterment of not only the Council and the Community it serves, but also the Councillors personal development.

Training

Training is defined as “a planned process to develop the abilities of the individual and to satisfy the current and future needs of the organisations”.

Learning can be categorised into the following:

- Intuitive – learning which happens by chance and we may not be conscious of it.
- Incidental – learning by reflection on particular events or activities
- Retrospective – a system approach to reflecting in activities and identifying what we learnt from them.
- Proactive – planning to learn from an activity, reflecting on it and planning to use what we learn.

It is anticipated the Councillors/Staff learning will reflect many of the above.
